Student Applied Information Technology at Ghent University College.

Enthusiastic, eager to learn and always looking for a challenge.

Languages

Dutch (native)

English (C2 proficient)

French (professional)

Interests

🚀 Science

🎵 Music

⏻ IT & Technology

🍴 Cooking

Soft Skills

PROBLEMSOLVING · TAKING INITIATIVE · EAGER TO LEARN · SOCIAL, SPONTANEOUS · ENTHUSIASTIC · VERBAL COMMUNICATION · INDEPENDENT · RESPONSIBLE · TEAMPLAYER WITH LEADER INSTINCT

Technical Skills

General IT knowhow

Software design patterns, database design, agile methodologies (scrum, kanban), object-oriented programming, full-stack web development.

Project Experience

⭐ Full stack web application with .NET Core GraphQL API backend and Angular 9 frontend.

⭐ .NET Core MVC web-application.

⭐ Java desktop application with JavaFX GUI.

Every project included a SQL database (MySQL or Microsoft SQL Server). See my Github for more information.

Tools, techs and languages

C# · .NET Core · Java · Python · Javascript · Typescript · Angular · HTML
CSS · SCSS · Bootstrap · Hugo · SQL · GraphQL · Git

Future experimentation

Blazor, Xamarin, WebWindow, SignalR, MAUI, NodeJS, Deno, Go, Flutter, React, Gatsby, Vue, Docker, Kubernetes, NoSQL databases, serverless architecture, headless CMS ...

Education

2018 - now	**Professional Bachelor** Applied Information Technology: application development	Ghent University College
2016 - 2018	**Bachelor of Science** Physics and Astronomy (did not finish)	Ghent University
2010 - 2016	**Secondary Education** Latin, Sciences-Maths 8	St. Francis Xavier Institute Bruges

Experience

Summer 2020	**Developer (Student Job)** Software developer focussing on full-stack web development, process automation, database scripting and much more. Technologies used: C# .NET Core, SQL, WPF, ...	Novado
Summer 2019	**Administrative Assistent (Student Job)** My job was to assist the administrative team in managing freight documents and other paperwork; and process them through our new IT system. I also offered to assist by doing business process improvement: I wrote a script which saved our admin team one afternoon a week, for example. Additionally, I lend a helping hand with customer communication and assistance.	Continental Cargo Carriers
2017 - 2019	**Observatory Tour Guide (Student Job)** My responsibility was educating groups of visitors on guided tours through the observatory. Tasks include operating the planetarium and telescopes while explaining the basics of astronomy, as well as guiding through the exhibition, dealing with administrative tasks and managing ticket sales.	Cozmix
2013 - 2017	**Various hospitality student jobs** Taking and preparing orders for mainly tourists and students. Mostly very busy places.	...
